## **A Call to Artists**

***Artists as Stewards of Nature: Preservation of the Land and its Legacy***  
*The 2019 TAOS Art Show - a Fundraiser for The Howard County Conservancy*

**March 31 – May 23, 2019**

The mission of the Howard County Conservancy is to educate children and adults about our natural world, preserve the land and its legacy for future generations, and model responsible stewardship of our environment.

The Howard County Conservancy is accepting submissions for **The 2019 Art of Stewardship (TAOS) Art Show: Artists as Stewards of Nature: Preservation of the Land and its Legacy**. This show is presented by the Howard County Conservancy in partnership with The Art of Stewardship (TAOS) Project, The Fund for Art in Ellicott City, the Medomak Family Camp and Retreat Center, and participating artists.

In support of the Conservancy's mission, the theme of this year's **TAOS Art Show** offers the following for artists to consider:

- **Artists as Stewards of Nature:** Artists bring a unique perspective to stewardship of the nature when their art stirs viewers to see the natural world with keener eyes and a heightened sense of awareness. Art can enhance our appreciation of the world around us and foster stewardship of our environment.
- **Preservation of Land and its Legacy:** Because Howard County has experienced severe flooding, more extreme weather, and continued development that destroys natural habitats, we would like artists to consider what this means for land preservation and the legacy we leave for future generations.

The TAOS show may be a forum for artists to promote stewardship of the Earth, and participation in it is also an act of stewardship. All art in the show is donated and will be available for a sale price of \$100. All proceeds from this fundraiser go toward education programs at the Howard County Conservancy.

There will be an opening reception on **Sunday, March 31, 2019 from 6:00 p.m. – 8:30 p.m.** in the Gallery of the Gudelsky Education Center at the Howard County Conservancy. Artists and their friends and families are invited to join representatives from the Howard County Conservancy, the show sponsors, and the greater community for the reception. In addition, jurors will present cash awards (first prize, \$300; second prize, \$200; third prize, \$100; and honorable mention, \$25) for outstanding pieces.

**The Fund for Art in Ellicott City, Inc.** is a private 501(c)3 foundation that was created in 2017 to further the creation and installation of public art. Art is an expression of the human experience in all its many facets. It can delight and inspire, or it can unsettle and terrify. Art is a form of story telling — about our time, our place, our values, and our assumptions. It can teach, inform, and uplift. And it can entertain and edify. Public art is art in public spaces. It comes in many shapes and sizes: an historic bronze statute; an ephemeral light show; a mural, large or small; a piece of landscape architecture; a traveling display; an iconic sculpture; or a festival. A community blessed with public art is a community engaged in the hard work of human culture.

Throughout the summer, people come together to enjoy the arts, science and other activities, make new friends, and be restored by nature and its simplicity.
