

Expression of Interest

Howard County Conservancy Purchased Easement Program

Background:

Thanks to a grant from Howard County Government, nonprofit property owners who have previously been unable to take advantage of purchased or donated easement programs will now be eligible to participate in a purchased conservation easement program.

Any non-profit that owns property in Howard County is eligible for the program. Properties that apply to participate in the program will be ranked based on a number of property features to include:

- Protection of natural resources such as forested areas and streams
- Equity and inclusion
- Historic resources
- Public access
- Unique site-specific factors

If your nonprofit is interested in this program, please fill out the form below. Representatives from the Conservancy will contact you to learn more about your property and to explain the program in greater detail. We anticipate that there will be more interest than available funds, so please return this form promptly.
